

## 17.00 CRIME STATISTICS

In compliance with the Clery Act, the UMBC Police Department has the responsibility to report certain crime statistics to the Department of Education. Additionally, the Police Department must also comply with other State and Federal crime statistics reporting mandates. There is a vast difference in reporting requirements between the Clery report and other State and Federal crime reporting statistics. Clery reporting requires the reporting of student disciplinary referrals that are not required by either state or federal law enforcement. Clery also mandates the collection of crime data from non-law enforcement personnel identified as "Campus Security Authorities." See section 3.03 to see who is defined as a "Campus Security Authorities."

This report contains crime statistics that have been compiled from the 2013 calendar year and a reprint of the two previous calendar years' crime statistics. The statistics reported in **Section 15.01** have been compiled from data collected from three (3) reporting sources, (1) the UMBC Police Department, (2) the Baltimore County Police Department and (3) from UMBC (non-police) Campus Security Authorities.

Crime statistics gathered by the UMBC Police Department are collected and reported on an annual/calendar year basis. Crime statistics for "**public property**" of each table have been collected from Baltimore County Police crime data. UMBC Campus Security Authorities (section 3.03 above) report "reportable crimes" using the CLERY INCIDENT REPORT form available at: [www.umbc.edu/police](http://www.umbc.edu/police). Any reportable crime made to a Campus Security Authority can be immediately transmitted to the UMBC Police Department via fax machine or campus mail.

### 17.01 Reporting Locations

#### #1 On-Campus:

Offense statistics for any building or property owned, leased or under the control of UMBC

#### #2 On-Campus Residential Life buildings:

Offense statistics for all on-campus Residential Life buildings.

#### #3 Non-campus property:

Offense statistics for non-campus property or building owned or controlled by the University that is frequently used by students and is not within the same reasonably contiguous geographic area of the institution or any building/property that is owned or controlled by a student organization that is officially recognized by the institution. Currently UMBC does not contain any Non-campus property.

#### #4 Public property:

Offense statistics for public property located immediately adjacent to and easily accessible from campus, including: thoroughfares, sidewalks, streets, lands, parks and beaches (property not owned or controlled by UMBC and are not private residences or businesses).

UMBC is located within Baltimore County Police Department's First Precinct (Wilkens Precinct), an area of several square miles with both residential and commercial communities. To access crime statistics for the first or other precincts of the Baltimore County Police Department; visit their web site at [Baltimore County Police](http://Baltimore County Police).

\*The statistics reflect a 2014 University population of approximately 13,979 students and 2,017 employees.

\*\*The Residential Facilities statistics are duplicative. They are included in the On-Campus statistics and reflect that portion of the Campus statistics that occurred within residence halls on campus.

\*\*\*All incidents reported in these categories occurred on or within the institution's Clery geography, but not all crimes were reported to the police, but to other departments on campus. Consequently, not all incidents were known to have occurred by the Police Department.
